APPLICATION FOR HELP WITH MEDICARE PRESCRIPTION DRUG PLAN COSTS

Medicare prescription drug coverage includes extra help for some people with Medicare who have limited incomes and resources. Some people with Medicare are automatically eligible for this extra help and won't have to complete an application. All other people with Medicare who think they may be eligible for this extra help will need to complete an application. The Social Security Administration will automatically send an application to some people who may qualify.

Included in this folder is the Social Security form, "Application for Help with Medicare Prescription Drug Plan Costs" (Form SSA-1020B-OCR-SM), to apply for this extra help. **People applying for this assistance should use an original application form, not a photocopy.** Applications may also be completed on-line at the **www.socialsecurity.gov** website. You can get help with completing the application by calling 1-800-772-1213. (TTY users can call 1-800-325-0778.)
